Electronically Filed

Sir:

A telephonic interview was held on November 24, 2008, between Applicants' representative Theodore M. Magee and Examiner Couso. During the interview, the Examiner indicated that based on a recent decision by the PTO, the claims now suffer from a § 101 problem. The Examiner suggested amending claim 1 to include a step of "using a processor for performing steps comprising:" before the first step of claim 1. The Examiner also suggested replacing "that when executed by a processor cause" with the word "for" in the preamble of claim 16. Applicants' representative agreed to both of these suggested amendments, and the Examiner indicated that the amendments would be made through an Examiner's Amendment.

The Director is authorized to charge any fee deficiency required by this paper or credit any overpayment to Deposit Account No. 23-1123.

Respectfully submitted,

WESTMAN, CHAMPLIN & KELLY, P.A.
